**Re: Status Report Regarding Various Matters**

Dear Eliot:

I thought it best to confirm the status of a number of loose ends:

1. I have spoken to Gayle Coleman about the application of the "confidentiality language" to the "web site". She is calling you directly to discuss the preparation of this language. This should be completed no later than today;
2. We have revised the Jenex language to deal with the broker/dealer issue. As I dictate this letter, the revised document is being faxed to you. We need you to review the document and give us your comments prior to our forwarding it to Irwin Newman at Jenex. Once you have had an opportunity to review the document, please call us concerning your comments;
3. I have traded phone calls with our patent expert, Ken Rubenstein. Since there seems to be some confusion as to what Ken needs in order to determine the patentability of your process, I am arranging a conference call between you, me and Ken in which we can discuss it. After that discussion, I will also provide you with a proposal as to how we should proceed and what fees and costs will be involved. I know that your father was concerned as to the patent expense. We will need to give you a more definite answer and thereafter receive authorization from you as to the expenditure of these monies;

Rubenstein states in deposition that he knows nothing about the inventions and only referred Joao. Here he is already reviewing a second invention for video scaling, months after Proskauer had already been working on securing intellectual property for the original invention and in fact had already filed for a corporation Iviewit, Inc. where such intellectual properties were to be assigned. Rubenstein is sent the new video process for patenting and he and Joao at the time were represented as Proskauer attorneys.

4. We just received your Corporate Minute Book, and I have asked Mara Lerner Robbins of this office to follow up and complete your Corporate By-laws, your initial series of Corporate Minutes and arrange for the issuance of stock to you. I have also asked Mara to follow up with respect to a fictitious name affidavit for iviewit; and
5. With respect to copyright trademark protection, I have also asked Mara to coordinate trademark copyright protection so that you may protect the iviewit name. Today she will be faxing to you the fee information in order to secure authorization from you to proceed and finalize that matter.

I believe this covers all present loose ends. If you have any questions whatsoever, please call me.

We will keep you advised.

Best regards,

Cordially,

Christopher C. Wheeler
